Staff Evaluation Questions:

What are we trying to teach?

What are the benefits?

Who is benefiting?

Students, staff, or both?

Is this something the student could do?

Are student's choices respected?

Is supportive risk-taking encouraged?

**Is interdependence recognized as a
means to achieving independence?**

**Are failures reframed for the students
as an opportunity to learn?**

**Are students making successful transitions
in to the community?**

**Are we making an effort to engage
students who seem disinterested?**

**Is learning promoted for all,
students & staff?**

Are all changes discussed with the team?
